- For property owned or being purchased by the applicant, a copy of the bill of sale, sales agreement, property tax records, or other proof of ownership by the applicant must be provided.
- Detailed drawing or sketch of premises, inside and out, showing entrances, exits, location of kitchen area, bar area, cash register(s), distance to streets and parking area.
- To transfer an existing alcoholic beverage license, both the owner and applicant must sign a "transfer agreement" with the City of Birmingham and State of Alabama ABC Board and provide copies of the current City and State licenses.

WHAT TO EXPECT AFTER YOUR APPLICATION HAS BEEN FILED

Your application for an alcoholic beverage license will be processed by the Tax and License Administration (Revenue) Division and reviewed for approval/denial by the City Council, its representatives and agencies. This process takes approximately 6-8 weeks.

A copy of your application will be forwarded to the Administrative Vice Section of the City of Birmingham Police Department for investigation. A report of their findings is forwarded to the Public Safety Committee of the City Council.

The Public Safety Committee meets the second Tuesday of each month. The committee will review the application and recommend approval/denial to the City Council. Applicants are required to attend this meeting. The City Council office will notify you by mail of the date and time scheduled for the review of your application.

The committee takes into consideration the information provided by the Police Department, as well as concerns voiced by the local community through the Neighborhood Associations. It is strongly advised that all applicants contact their Neighborhood Association to answer any questions or concerns of the community. To obtain the name of a contact person and phone number for your Neighborhood Association, call the Department of Community Development at (205) 254-2564.

The applicants of certain classifications of alcoholic beverage licenses may be required to provide off-street parking. To determine the parking and zoning requirements of your location, contact the Department of Planning, Engineering, and Permits at 205 254-2288.

In most instances, inspections will be performed by the Fire Department, the Planning, Engineering,
and Permits Department, and the County Health Department. Other inspections or reviews may also be necessary. The reports generated by these inspections, as well as any others required to process your application, are forwarded to the Tax and License Administration Division, and must indicate clearance or approval, as the case may be, before an alcoholic beverage license can be issued. This is the case even if you have obtained approval of your application from the City Council.

Once your application has been approved by the Council, a resolution is prepared by the City Clerk’s Office and forwarded to the Tax and License Administration (Revenue) Division within ten (10) business days from the date of the Council’s action on your application. You will be contacted by the Tax and License Administration (Revenue) Division at that time and advised of the final requirements necessary (1) to complete the processing of the application, and (2) to issue the appropriate licenses for your business.
